Dear Supervisors:

**REQUEST TO APPROVE A
THIRD AMENDMENT TO THE ELECTRONIC DEVELOPMENT AND PERMIT
TRACKING SYSTEM AGREEMENT WITH ACCELA, INC.
(ALL DISTRICTS)
(3 VOTES)**

SUBJECT

Request for approval of the Third Amendment to the June 18, 2002, Agreement (No. 74058) with Accela, Inc., to formalize a negotiated resolution of matters relating to cessation of system implementation services and continuation of maintenance and support services for the existing electronic Development and Permit Tracking System.

**JOINT RECOMMENDATION WITH THE ACTING CHIEF INFORMATION OFFICER
THAT YOUR BOARD:**

1. Approve and instruct the Chairman of the Board to execute a Third Amendment to the June 18, 2002, Agreement with Accela, Inc., to formalize a negotiated resolution of matters relating to cessation of system implementation services and continuation of maintenance and support services, through the end of the existing Agreement (June 17, 2012), with a maximum contract obligation not to exceed \$1,485,439, authorized under the Agreement, including:

- a. Mutual agreement between the County and Accela, Inc., to not seek recovery of damages or commence litigation;
 - b. Accela, Inc.'s agreement to not seek payment of any amounts, other than maintenance and support fees, due from County;
 - c. Continuation of maintenance and support services authorized under the original Agreement, to be performed for those portions of the software implemented and currently in use by the Department of Public Works, Fire Department, Department of Regional Planning, and Department of Public Health's Office of Environmental Health, referred to as Participating Departments. Total payment to Accela, Inc., will not exceed \$194,749 for Participating Departments for the period of October 2008 through June 2012;
 - d. Continuation of hourly as-needed service, to be utilized only to maintain operational effectiveness of existing functionality, not to exceed \$75,000 per year per department, total payment to Accela, Inc., will not exceed \$1,125,000 for Participating Departments, for the period of December 2008 through June 2012;
 - e. A provision to require prior Board approval for each request to utilize hourly as-needed services; and
 - f. Reduction of the annual Maintenance and Support fees, retroactive to June 2006, for Participating Departments.
2. Authorize and instruct the Department Head of each Participating Department to release the hold on payments to Accela, Inc., for Maintenance Services and to make payment to Accela, Inc., in accordance with the negotiated schedule and reduced Maintenance and Support rates. Total payment to Accela, Inc., will not exceed \$165,690 for Participating Departments, for the period of June 2006 through September 2008.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the Third Amendment to the electronic Development and Permit Tracking System (eDAPTS) Agreement (No. 74058) is to formalize the negotiated resolution of matters relating to the early termination and downsizing of the implementation services portion of the eDAPTS Agreement. With approval by your Board, the proposed Third Amendment will authorize and fully implement all recommendations presented to your Board on March 29, 2007, by the County Counsel, Chief Information Officer, and Director of Public Works.

In the March 29, 2007, report, a number of recommendations were set forth to effectively cease the implementation services portion of eDAPTS, ensure the County's financial and legal interests were protected, and ensure the continued delivery from Accela, Inc. (Contractor), of maintenance services for those portions of eDAPTS that had been successfully implemented. The negotiations to achieve these recommendations have been successfully concluded with Contractor. All of the goals originally set forth in the March 2007 report have been achieved and are appropriately reflected within the proposed Third Amendment.

Implementation of Strategic Plan Goals

The Countywide Strategic plan directs the provision of Service Excellence (Goal 1), Organizational Effectiveness (Goal 3), Fiscal Responsibility (Goal 4), and Community Services (Goal 6). The recommended Amendment will help meet these goals by enabling the County to continue providing services that will benefit the community.

FISCAL IMPACT/FINANCING

The maximum contract obligation under this Third Amendment is \$1,485,439, including \$194,749 in scheduled maintenance fees, \$165,690 for release of prior maintenance fees, and \$1,125,000 for discretionary as-needed services. Any use of the \$1,125,000 discretionary funds will require prior approval by your Board. Financing for these services is included in Fiscal Year 2008-09 Public Works' General Fund Budget (\$137,841.40), Flood Fund Budget (\$20,819.80), and Road Fund Budget (\$20,819.80), Fire Department's Administrative Budget Unit (\$124,407), Department of Regional Planning's General Fund (\$121,442), and Department of Public Health's Environmental Health Budget (\$92,293). Funds to finance the remaining years will be requested through the annual budget process.

Under the terms of the proposed Third Amendment, neither the County nor Contractor will commence litigation or seek recovery of any damages or other payments purportedly due under the terms of the Agreement, exclusive of ongoing maintenance services. Specifically, the County will not be required to pay Contractor \$560,176 for goods and services already received. This amount is comprised of the 10 percent in holdbacks totaling \$333,094 for completed deliverables and software licenses and \$227,082 in pending deliverable payments for other completed work.

Upon approval of the proposed Third Amendment, the County will also release its hold on maintenance payments, and retroactively apply the new reduced maintenance rates (Exhibit B), from June 2006 through September 2008. The reduced rates will result in a total cost savings or "avoidance" of \$711,205 for the period of June 2006 through September 2008 for the Participating Departments. The new maintenance rate and the hourly as-needed rate are subject to annual Consumer Price Index increases, effective in October of each year, as allowed through terms in the existing Agreement.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The attached Third Amendment has been reviewed and approved from a legal standpoint by County Counsel. Acting on a recommendation from County Counsel, Contractor's review and approval of the proposed Third Amendment was obtained prior to submitting this proposal to your Board. Contractor's agreement to the negotiated resolution is reflected on the signature page of the Amendment, and was provided with the full understanding that the Third Amendment is not final and will only become effective upon approval by your Board.

ENVIRONMENTAL DOCUMENTATION

In accordance with Section 15378(b)(4) of the California Environmental Quality Act (CEQA) Guidelines, approval of the recommended action does not constitute a project and, hence, is not subject to the requirements of CEQA.

CONTRACTING PROCESS

The eDAPTS Agreement was first approved by your Board in June 2002. In April 2003, the Board adopted Addendum No. 1 to add the Fire Department, Department of Regional Planning, and Department of Public Health's Office of Environmental Health to the Agreement and project. The Board adopted Amendment No. 1 in June 2004, providing an extension of time to the implementation period for the eDAPTS Project. In July 2005, the Board adopted Amendment No. 2, providing a further extension of time for the implementation period, and allowing the Participating Departments to make progress payments to Contractor for deliverables completed by Contractor and accepted by County and for which there were no specified payments set forth under the Payment Schedule. Aside from the proposed Third Amendment, there have been no further changes to the Agreement.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

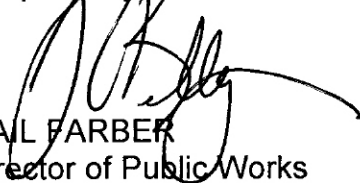

Each of the Participating Departments has successfully implemented portions of eDAPTS to meet a number of business functions, and that functionality remains in use today. This functionality is considered by the Participating Departments to be a key in conducting their day-to-day land-based activities and must continue to be available because it has replaced prior systems or manual processes. The use of the successfully implemented portions of eDAPTS by the Participating Departments will require maintenance and support that can only be provided by Contractor.

The proposed Third Amendment will ensure these maintenance services continue to be provided until such time as the Participating Departments choose to replace or migrate away from eDAPTS. In addition to the annual maintenance fee, each Participating Department may seek Board approval to utilize hourly as-needed services, at a not to exceed cost of \$75,000 per year per Department, should it be required to maintain operational effectiveness of existing functionality. For example, a Department may require hourly services to modify the eDAPTS to comply with new mandates or critical business process changes, or to maintain IT infrastructure currency.

CONCLUSION

Each of the Participating Departments has reviewed and approved the requested action in this Board letter. Please retain one executed original for your files and return one executed original of the contract and one adopted copy of this letter to the Department of Public Works, Chief Information Office, and one complete set of documents to the Chief Information Office.

Respectfully submitted,

GAIL FARBER
